83-205. Weights and measures inspection program; personnel; functions. (a) There is hereby established in the Kansas department of agriculture a weights and measures inspection program to enforce the provisions of chapter 83 of the Kansas Statutes Annotated, and amendments thereto or any rules and regulations adopted thereunder. (1) In determining the weight, measure or count of commodities or things sold, or offered or exposed for sale, on the basis of weight, measure or count;

(2) in computing the basic charge or payment for services rendered on the basis of weight, measure or count; or

(3) in recovering stored information related to the price of any item or commodity which is sold or offered for sale at retail.

(g) Approve for use, and may mark, such weights and measures and point-of-sale systems as the secretary finds to be correct, and reject and mark as rejected such weights and measures and point-of-sale systems as the secretary finds to be incorrect. Weights and measures and point-of-sale systems that have been rejected may be seized if not corrected within the time specified by the secretary or if used or disposed of in a manner not specifically authorized. The secretary shall reject and may seize the weights and measures and point-of-sale systems found to be incorrect that are not capable of being made correct.

(h) Weigh, measure or inspect packaged commodities kept, offered or exposed for sale, sold, or in the process of delivery, to determine whether they contain the amounts represented and whether they are kept, offered or exposed for sale in accordance with chapter 83 of the Kansas Statutes Annotated, and amendments thereto, or rules and regulations promulgated pursuant thereto. 83-207. Same; rules and regulations. The secretary of agriculture may adopt rules and regulations necessary for the administration and enforcement of the provisions of chapter 83 of the Kansas Statutes Annotated, and amendments thereto. As a part of such rules and regulations, the secretary of agriculture shall adopt standards setting forth specifications, tolerances and other technical requirements for all weights, measures and weighing and measuring devices, and point-of-sale systems. These specifications, tolerances and other technical requirements shall conform, insofar as practicable, to the specifications, tolerances and other technical requirements for weights, measures and weighing and measuring devices established by the national institute of standards and technology. The secretary of agriculture shall prescribe by rules and regulations the appropriate term or unit of weight or measure to be used whenever the secretary determines in the case of a specific commodity that an existing practice of declaring the quantity by weight, measure, numerical count, or combination thereof, does not facilitate value comparisons by consumers, or that such practice offers an opportunity for consumer confusion.

83-208. Inspections; prohibited acts; penalty for violation. The secretary, or an authorized representative of the secretary, may enter any premises or vehicle in or on which any weights, measures, balances or measuring devices may be located or used for the purposes of trade, for the purpose of inspecting, testing and sealing or rejecting the same. Whoever hinders, obstructs, or in any way interferes with the secretary or an authorized representative of the secretary, while in the performance of the inspection, or whoever fails to produce, upon demand by such secretary or authorized representative, all weights, measures, balances or measuring devices in or upon the premises or vehicle of such person or in the possession of such person for use in manufacture or trade, shall be deemed guilty of a class A, nonperson misdemeanor.

83-209. Enforcement; orders of secretary. (a) If the secretary finds that any package or amount of any commodity is held, offered or exposed for sale in violation of law, the secretary may order them off-sale and may mark or tag them to show they are illegal.

(b) Whenever the secretary finds that any violation of chapter 83 of the Kansas Statutes Annotated, and amendments thereto, or any rules and regulations adopted under it has occurred, the secretary may issue a stop-use order, stop-sale order, stop-removal order or removal order or any combination of such orders with respect to weights and measures being, or capable of being, commercially used. The secretary may issue stop-sale orders, stop-removal orders or removal orders, or any combination of such orders, with respect to any package or amount of any commodity held, offered or exposed for sale, sold or being delivered if the secretary deems it necessary for the protection of the public.

(c) No person may sell, use, remove, otherwise dispose of, or fail to remove from the premises specified, any weight, measure or package or any amount of any commodity contrary to the terms of any order issued under this section.

(d) This section does not limit the right of the secretary to proceed as authorized by other sections of chapter 83 of the Kansas Statutes Annotated, and amendments thereto or any rules and regulations adopted thereunder.

83-210. County or city enforcement; powers and duties of officials. (a) Any county or city in the state may establish a department of public inspection of weights and measures, appoint inspectors of weights and measures and fix their compensation and pass such ordinances relating to weights and measures not in conflict with the state laws as may be deemed necessary. If a county or city establishes such a department it shall provide the department with suitable quarters, a set of secondary standards and all other equipment for the proper performance of duties. All county and city standards shall be tried, proved and sealed under the direction of the secretary, and shall be returned to the secretary for verification at least once in every year.

(b) Any weights and measures official appointed for a county or city shall have the duties enumerated in subsections (e) to (h), inclusive, of K.S.A. 83-206, and amendments thereto, and the powers enumerated in K.S.A. 83-208 and 83-209, and amendments thereto. These powers and duties shall extend to their respective jurisdictions, except that the jurisdiction of a county official shall not extend to any city for which a weights and measures official has been appointed. Weights and measures officials appointed for a county or city shall exercise such additional powers as may be granted by the governing body of such county or city, but such additional powers shall not be less than the powers granted to state inspectors of weights and measures under chapter 83 of the Kansas Statutes Annotated, and amendments thereto, and shall not be in conflict with powers granted to the secretary under chapter 83 of the Kansas Statutes Annotated, and amendments thereto.

(c) All departments of public inspection of weights and measures established by cities or counties prior to July 1, 1985, are hereby specifically continued in existence.

83-212. Bulk sales delivery ticket; contents. All bulk sales in which the buyer and seller are not both present to witness the measurement, all bulk deliveries of heating fuel and all other bulk sales specified by rules and regulations of the secretary of agriculture, shall be accompanied by a delivery ticket containing the following information: (a) The names and addresses of the buyer and seller;

(b) the date of delivery of the product or commodity;

(c) the quantity delivered and the quantity upon which the price is based, if this differs from the delivered quantity;

(d) the identity of the commodity or product being sold in the most descriptive terms commercially practicable, including any quality representation made in connection with the sale;

(e) the count of individually wrapped packages, if more than one; and

(f) the unit price, unless otherwise agreed on by both the buyer and seller.

83-213. Labeling of packages; rules and regulations. (a) Except as otherwise provided in chapter 83 of the Kansas Statutes Annotated, and amendments thereto, or by rules and regulations adopted pursuant thereto, any package kept for the purpose of sale or offered or exposed for sale shall bear on the outside of the package a definite, plain and conspicuous declaration of:

(1) The identity of the commodity in the package, unless the same can easily be identified through the wrapper or container;

(2) the quantity of contents in terms of weight, measure or count; and

(3) the name and place of business of the manufacturer, packer or distributor, in the case of any package kept, offered or exposed for sale, or sold in any place other than on the premises where packed.

(b) The secretary of agriculture may adopt rules and regulations which establish reasonable variations or tolerances, prescribe the size of printing of the labeling required and prescribe exemptions of small packages.

83-214. Testing and sealing on request; charge for services; weights and measures fee fund. (a) The secretary may try and prove weights, measures, balances and other measuring devices on request for any person, corporation or institution, and when the same are found or made to conform to the state standards, and otherwise fulfill such reasonable requirements as the secretary may make, the secretary, or an authorized representative of the secretary, may seal the same with a seal which is kept for that purpose.

(b) Except as otherwise provided by statute, the secretary, or the authorized representative of the secretary, may charge for services provided by the department and other necessary and incidental expenses or both incurred in conjunction with the testing and proving of weights, measures and other devices at a rate per hour or fraction thereof and other necessary and incidental expenses which are fixed by rules and regulations adopted by the secretary of agriculture, except that (1) the charges for services provided by the metrology lab shall not exceed \$50 per hour or fraction thereof, and (2) in the case of the head house scale program such charges shall not exceed \$100 per hour or fraction thereof. The secretary may charge for subsistence and transportation of personnel and equipment to such point and return. Such charges shall be set by rules and regulations adopted by the secretary of agriculture. The secretary may fix the manner in which any charges made pursuant to this subsection are collected.

(c) The secretary shall remit all moneys received under subsection (b) to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the weights and measures fee fund which is hereby created. All expenditures from the weights and measures fee fund shall be made in accordance with appropriation acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the secretary or by a person designated by the secretary.

(d) Except as provided in K.S.A. 83-301 through 83-311, and amendments thereto, nothing in article 2 of chapter 83 of the Kansas Statutes Annotated, and amendments thereto, shall prohibit the owner of a weighing or measuring device or the owner's employee or agent from servicing or repairing such device. However, if such device is found out of tolerance and is rejected by the department of agriculture, the owner is responsible for repairing the device within the time specified on the rejection tag and notifying the department when the device is repaired and in operation. The owner shall pay a fee commensurate with the expense incurred by the secretary in performing the follow-up inspections or tests.

83-215. Rejection of weighing or measuring device; repair or destruction of device. (a) The secretary is hereby authorized and empowered to reject any weighing or measuring device which is found not to conform to state standards or which is found not to weigh or measure within authorized tolerances.

(b) Service companies or any agent or employee thereof, shall be prohibited from condemning or taking a weighing or measuring device out of service.

(c) Any weighing or measuring device that has been rejected under authority of the secretary shall remain subject to the control of the secretary until such time as suitable and acceptable repair has been made of the same, or an authorized disposition of the same has been approved. An authorized repair period of use not longer than 30 days for purposes of obtaining a repair of the weighing or measuring device by the owner, or a reasonable extension of that period, may be given by the secretary when it is determined that the immediate cessation of use of such weighing or measuring device will work an undue hardship on the person using such device or the patrons of such person. The owner of such rejected weighing or measuring device shall cause the same to be repaired and corrected to weigh or measure within authorized tolerances within 30 days after being rejected, or within such extension as may be authorized, or in lieu thereof, the owner of the same may dispose of or destroy such weighing or measuring device or any rejected weight or measure under specific authority from the secretary.

83-216. Same; devices declared to be common nuisance and contraband; action for disposal of device. (a) Any weight, measure or weighing or measuring device which has been rejected by the secretary and which has not been repaired or restored to weigh or measure within approved tolerances, during any authorized repair period, is hereby declared to be a common nuisance and a contraband device. The secretary may seal the beam or mechanism out of service on any weighing or measuring device, or may take possession of any contraband weight or measure. The secretary shall deliver to the owner or person found in possession of any contraband weight, measure or weighing or measuring device a statement giving the location and description of the weight, measure or weighing or measuring device so sealed or taken.

(b) Any weighing or measuring device which has been sealed out of service by the secretary and which has not been repaired or restored and made to weigh or measure within approved tolerances within 90 days following the date of sealing, or an authorized extension thereof, may be proceeded against by an action, instituted in Shawnee county district court or in the county where such weighing or measuring device is located, for an order for the disposal of such device.

(c) Procedure in regard to the prevention of the maintenance of a common nuisance and procedure for the disposal of any weighing or measuring device may be had in accordance with and in the manner provided for under K.S.A. 41-805 and 41-806, and amendments thereto, and as otherwise authorized by statute.

83-217. Damages owed by person using inaccurate, false or rejected device; variations in weight, measure or quantity.

Any person who is liable to an injured person by reason of any inaccurate, false or rejected weighing or measuring device shall be assessed and adjudged to pay damages in double the amount of property wrongfully taken or not given, and in addition thereto, for punitive damages the additional sum of \$25, and reasonable attorney fees, to be recovered in any court of competent jurisdiction. The selling and delivery of a stated quantity of any commodity shall be prima facie evidence of representations on the part of the vendor that the quantity sold and delivered was the quantity bought by the vendee. A slight variation from the stated weight, measure or quantity, within authorized tolerances, is permissible for individually packaged commodities if such variation is as often over, as it is under, the correct weight, measure or quantity stated.

83-218. Presumptive proof of regular use of device. For the purposes of this act, proof of the existence of a weight, measure or a weighing or measuring device, in or about any building, enclosure, stand or vehicle in which or from which it is shown that buying or selling is commonly carried on, in the absence of conclusive evidence to the contrary, shall be presumptive proof of the regular use of such weight, measure or weighing or measuring device for commercial purposes and of such use by the person in charge of such building, enclosure, stand or vehicle

83-219. Unlawful acts. (a) It shall be unlawful for any person:

(1) To offer or expose for sale, or to sell or otherwise dispose of any weight, measure or weighing or measuring device that does not meet the tolerances and specifications required by chapter 83 of the Kansas Statutes Annotated, and amendments thereto, or which has been rejected without first obtaining the written authorization of the secretary;

(2) to use or possess a weight, measure or weighing or measuring device that is used for or intended to be used for commercial purposes which does not meet the tolerance and specifications required by chapter 83 of the Kansas Statutes Annotated, and amendments thereto, or that does not conform to the standard authorized by the secretary for determining the quantity of any commodity or article of merchandise, for the purpose of:

(A) Buying or selling any commodity or article of merchandise;

(15) to compute or attempt to compute at the time of sale of an item, a value which is not a true extension of a price per unit which is then advertised, posted or quoted;

(16) to charge or attempt to charge, at the time of the sale of an item or commodity, a value which is more than the price which is advertised, posted or quoted;

(17) to alter a weight certificate, use or attempt to use any such certificate for any load or part of a load or for articles or things other than for which the certificate is given, or, after weighing and before the delivery of any articles or things so weighted, alter or diminish the quantity thereof;
